

# MAYUR TRANSPORT PRIVATE LIMITED

FLEET OWNER & TRANSPORT CONTRACTOR

Transport Service & Container (20 Ft - 40 Ft) Import / Export in All over India

# Company Profile

We, Mayur Transport Pvt Ltd (MTPL) are one of the leading Transport Company based at Mumbai having presence nationwide through our number of Branches & Associates Offices.

With an overall experience of about Five Decades we have been successful in providing cost effective and at the same time accurate logistic services to our 1000+ client base.

“Hard Work has no Alternative and the result of Hard Work is what we call Goodwill” as rightly quoted by our founder chairperson Shri Hariram Shamji Kariya, MTPL is committed to provide the best professional services for nurturing entire Logistics solutions of our customers every time. Our Logistic Solutions include:

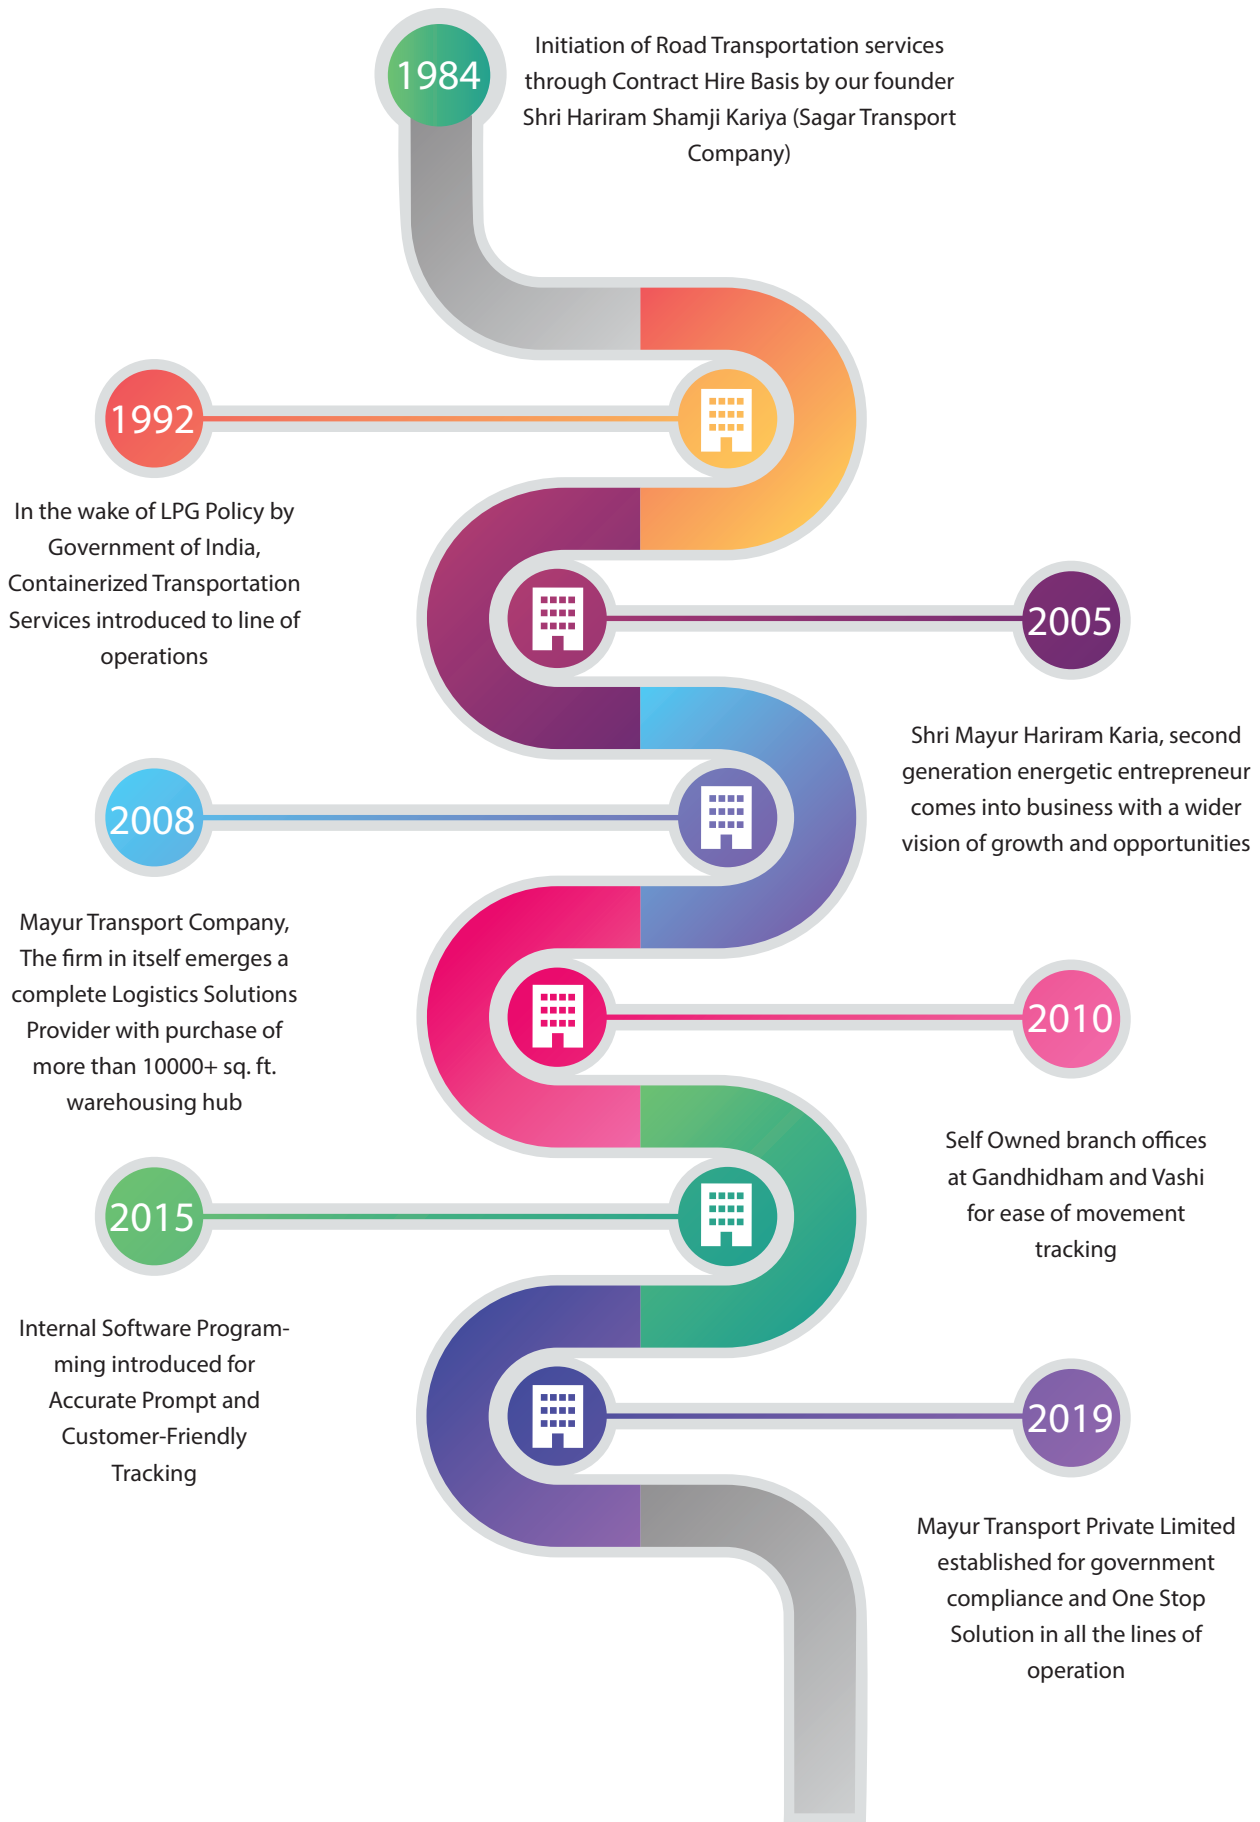

- Road Transportation (Body Trucks & EX-IM Container Movements)
- Clearing and Forwarding Agency Services
- Warehousing
- Air Cargo Movements
- Cargo Trans-shipments

Our business strategies have enabled us to have 100% Client Retention Ratio.

We are acknowledged for our quality services as we follow our set of quality policies to deliver the best to our Client.

MTPL is successful to have its presence in the industry as a dedicated and professional Logistics Company, providing customized services to the customers through personal touch by its team of highly experienced and energetic employees and high quality systems.

# Our Success History

## Vehicle Body Only

### Full Truck Load Transportation

#### Eichers

14 Wheeler

26 / 35 Ton

#### Open Body Trucks

12 Wheeler

20 / 25 Ton

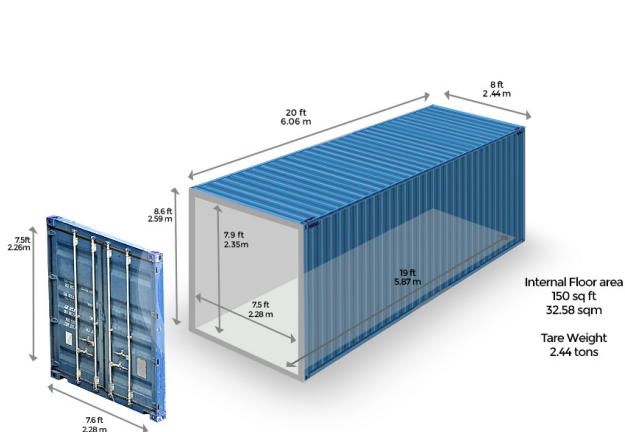

#### Covered Containers

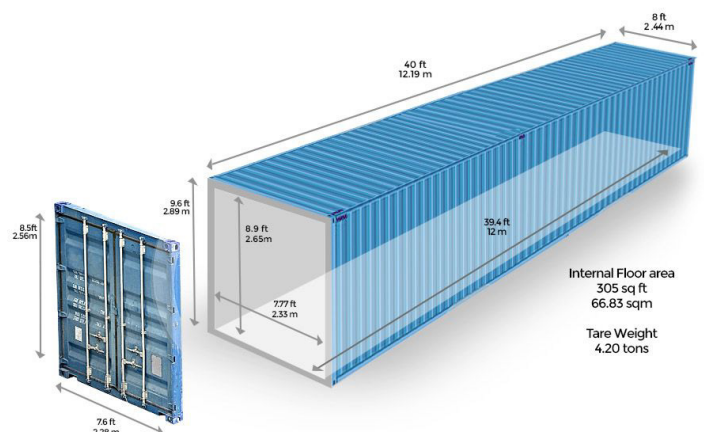

10 Wheeler

10 / 16 Ton

## 20ft. 40ft. Import / Export Container

#### 20 ft. Container

#### 40 ft. Container

## Warehousing

### Transportation Cross-Warehousing

This operation combines shipments from a number of different carriers in the less than full truckload and small package industries to gain economies of scale.

### Opportunistic Cross-Warehousing

This can be used in any warehouse. It involves transferring a product directly from the receiving dock to the outbound warehouse dock to meet a customer sales order.
